Hi Valois: in preparing for this consultation, Darcy asked for any verbal comments from the Ponca Tribal folks during the (Valentines, NE) hearings as well as any written comments we received by June 19th. Other than that, I told her we had a record of our meeting with Julia in KC in 2016.

It looks like there are 2 to 3 flights a day between Omaha and DIA so hopefully you will be able to travel with no more than one overnight.

Hi Julia and Shannon: Either date works for us as well to meet in Lincoln. In attendance for EPA would be Patrick Rogers, Tribal Advisor to our Regional Administrator, Darcy O'Connor, Assistant Regional Administrator for our Office of Water Protection, and Valois Shea, our Underground Injection Control Permit Writer for the proposed Dewey Burdock uranium in situ recovery project in South Dakota.

Please confirm which day you wish to meet and we will make our travel plans accordingly,

Thanks,

Douglas

As of right now the 22nd and the 23rd are both good days for me.

Thank you,

Mr. Shannon Wright

If we could meet either the 22nd or 23rd at our Lincoln office that would work for us. I spoke with Chairman Wright and those two dates would work while the 19th would not.

Patrick

After I had spoken with Ms. Shea I spoke with my chairman and he would like to do a consultation with myself our THPO and himself regarding the Dewey Burdock up permit.

Please let me know the earliest you are available for that.

Thank you

Julia
